San Fernando's "Rap Room" — a popular place to talk and be heard.

My soul and my mind beckon to be
freed from the chains of fear and unhappiness,
And my body pains and tires of
waiting to be accepted.
I am in Limbo with my own self-being,
And I cry out to you to see the light.

By John Thomas

This year, the Tigers ended up with a 4 and 3 record. We began this season with a disappointment by not being allowed to play our first game. With our young team, losing this opportunity for game experience was costly. We won our next two practice games and entered league play against the team that eventually became the city runner-ups. Although it was a losing effort, the team had great poise and determination in coming back in this league games. The teams record does not reflect the potent passing attack, and strong defense exhibited by the Tigers this year. We had the third best defensive unit in the Valley, and led in offensive yards per game.

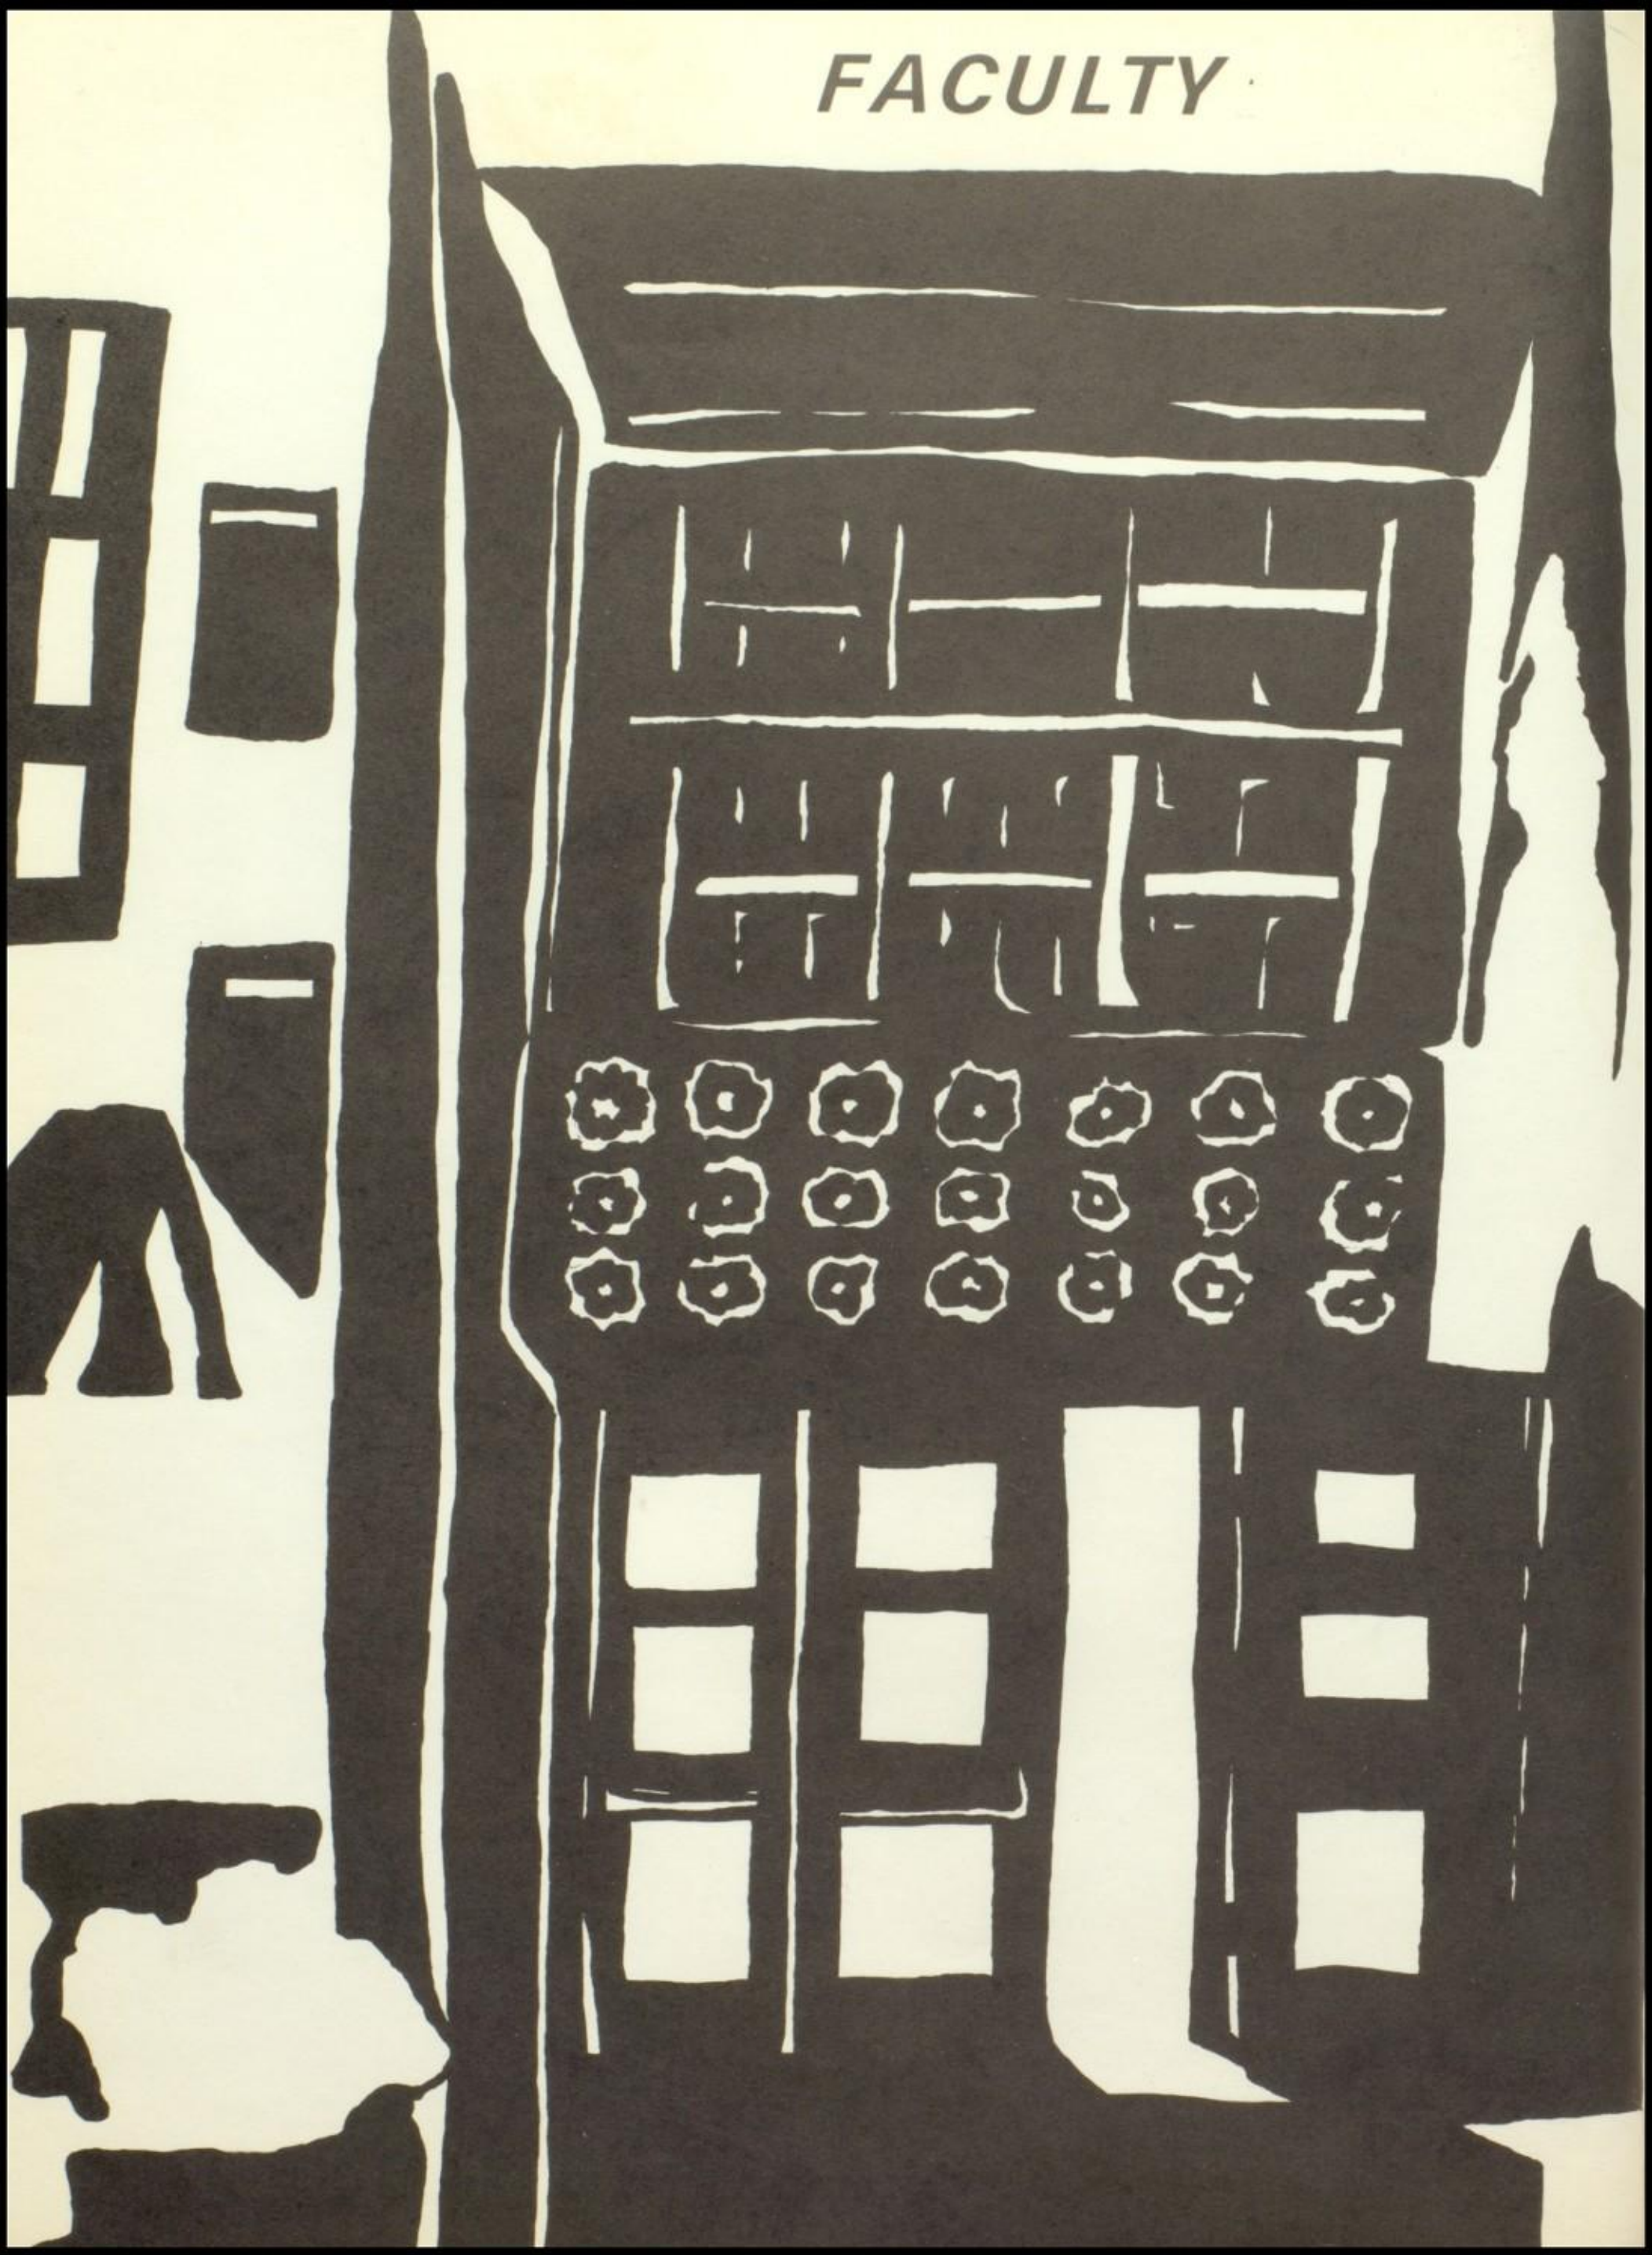
FACULTY



Mrs. Ester Harrison
Girls' Vice-Principal

"After years of work in many schools, I took my first sabbatical leave last spring. I traveled around the world on a Chinese ship, visiting South America, Africa, the Far East and Canada. It was a wonderful trip, but I looked forward to returning to San Fernando in September. I know that if we continue to work together we will have the greatest school in the city."

Mr. Philip Breskin
Boys' Vice-Principal

"Tiger spirit and enthusiasm both made this year one of the very best in the history of San Fernando. I am very proud of our great students and our fine faculty. Have a happy and enjoyable summer."

Mr. Dan Issacs
Registrar

"This has been a most satisfactory school year. I've seen tremendous social and academic growth on the part of our students. The many new programs introduced this year have made San Fernando a leader in high school education. I'm proud to be a part of this progress."

ADMINISTRATION

Mr. Edward V. Moreno, Principal

Edward V. Moreno was born and educated in Los Angeles, California. He graduated from the original John H. Francis Polytechnic High School in the summer of 1946. From there he went to Los Angeles City College and obtained his A.A. in 1950. Attending the University of California at Los Angeles, Mr. Moreno received his B.S. in 1953. He earned his Master's Degree at the University of Southern California in 1960. At present he is working on his Ph.D. at the School of Public Administration also at USC.

Mr. Moreno started his professional career in 1954 as a teacher of Social Studies and English at Griffith Junior High School. Here he was also a leader at workshops and institutes in special education, Social Studies, Reading, and English and a master teacher for California State College at Los Angeles as a part of the teacher training program. He was also a teacher of Adult Education at Belvedere Junior High School.

His next appointment was at Reseda High School where he was a teacher, a department chairman, a teacher of adult education, a leader and coordinator of workshops and institutes for foreign language and a master teacher for San Fernando Valley State College. At this same time he was an instructor, coordinator, and lecturer in teacher training for the University of California at Santa Barbara, a lecturer in teacher training at Fresno State College, an associate professor and associate director in the NDEA Summer Institutes for California Lutheran College, a consultant in foreign language for the Ventura County Schools, and a lecturer in teacher training at San Bernadino State.

Mr. Moreno then became a supervisor in bilingual education for the Los Angeles City Schools and after that an administrative Secretary in Mexican-American Education Comm. also for the Los Angeles City Schools. Then he became the Associate Director for the TTT program in San Fernando Valley State College. Then he was appointed the principal of the East Los Angeles Skill Center. This year he became the principal of San Fernando High School after the transfer of our friend and last year's principal, Mr. Hugh Hodgens.

Mr. Moreno has belonged to various organizations among them are the Phi Delta Kappa, California Association of Supervision and Curriculum Development, Executive Council for Modern Language Association of Southern California, and Director of Tri-Counties Foreign Language Association. He was chairman of the Association of Mexican-American Education in Ventura County, State President of Mexican-American Educators, and a member of the National Education Association.

Mr. Moreno has also done much work in the community. He was the Commissioner for the Community Action Commission for Ventura County, on the Board of Directors and Vice-President of the Camarillo Optimist Club, on the Los Angeles Mayor's Community Advisory Committee, belonged to the Los Angeles International Visitors' Committee, and the Canoga Park Coordinating Council. He was Chairman of the Mexican-American Political Association, first Vice President and Education Chairman of the Latin American Civic Association and is the Consultant, Workshop leader, Resource person, organizer and staff member of various other community groups and organizations.

At present, as the Principal of San Fernando High School he has various goals and strategies. Some of them are to strenghen the self-image of each person, to practice the Democratic process, to train for economic marketable skills, to satisfy recreational needs of the students, to provide opportunities for students to determine their services, to develop quality relationships between the students, teachers, and parents, to generate a commitment to the community, to provide stability and safety for teachers, students and the community, to increase the number of legitimate adults on campus, to increase the number of students in legitimate pursuits in the broad community, and to develop a blueprint for the San Fernando Learning and Community Development Complex by 1975.

His favorite motto is "To do the unexpected with the impossible."

Counselors

Head Counselor,
Mr. Fernandez

Assistant Head Counselor,
Mr. Daponte

College and Scholarship
Advisor,
Mrs. Yoffee

The counseling office helps every student.

In addition to guidance in choosing a career and selecting classes which will help prepare for that career, nine full-time counselors are available to help students with personal problems. The problems may involve the student, his teacher, a family member or friends. Counselors assist and also refer the student to agencies and people that may be of special assistance.

The "Rap Room" is a special counseling feature where students can come to "let off steam" or to get help with problems. The room, with two counselors and often other community helpers, provides a place to resolve problem situations with adults and fellow students.

A full-time counselor helps students prepare for college and gain financial aid. The college and Scholarship advisor assists any student interested in furthering his education by finding and exploring possible opportunities.

The counseling staff is composed of people who are qualified teachers with added specialization in pupil personnel work. Most counselors have advanced degrees. Their interest and skill in working with and for students makes the counseling office a center for student guidance and assistance throughout his stay at San Fernando.

The organizing of a new science program has been keeping this department busy. The new approach was initiated in September utilizing an almost 100% laboratory approach as a source of information. This block-sequential program included both biological and physical science and allowed students to change rooms and teachers every six weeks.

Continuation School

Lower Right: Mrs. Gerson, Mr. Crunk, Mrs. Rendlemen.

Over one hundred students were helped to graduate this year through this program while many others returned to regular school. Tutoring and rap sessions were held regularly. This program is geared to help students who have not been able to work successfully within a regular school structure.

Art

Mrs. Bayramian
Mr. Grant
Mrs. Donchian
Miss Taylor

Activities and progress were highlighted in this year's Art Fair as students not only exhibited their work but gave live demonstrations. Crafts, pottery making, tie dyeing, batik, candle making, and jewelery were included along with painting and art in various materials and forms. Last year an Honors Workshop was started for advanced students who received 5 units of college credit for the class.

Music

A new expanded department has enthusiastically performed, as well as learned, this year with concerts at school, colleges, and community organizations. "Montage '71" showcased student talent last November. Field trips were taken to concert rehearsals, performances, and various cultural centers. Students received scholarships and awards and many gave debut performances. Summer camps and workshops were also made available to the students. A jazz band was begun and was held in the summer to give a head start to next year's program and also provide worthwhile summer activities. Last year, by "popular demand," a musical production was initiated. Along with a cross-culture music class, there will be classes in voice, piano, Mexican folklore, jazz and guitar.

Mrs. Thomas
Miss Ogawa
Mr. Moreno

Foreign Language

Studies were expanded to include Spanish for native speakers and various extra programs. Programs of Spanish songs and dances, Christmas programs for all languages, oratorical and foreign language contest and observance of Foreign Language Week enriched the study of language. Japanese language was offered last year as a foreign language and there will be more types of foreign languages offered.

Extra mural activities for girls are increasing and standing teams have been fielded in basketball, volleyball, softball, and track with one hundred young ladies involved. A new class in figure was received with enthusiasm and other classes included tennis, badminton, archery, team gymnastics, sports and track and field. Experimental courses offered include self defense for women; co-ed classes in tennis, bowling, and archery; and additional courses in figure control.

A standarized testing program was established and the program is on a elective basis for the eleventh and twelfth grades. Golf, archery, tennis, and soccer are offered along with other team sports. A new grading system is in effect authorizing positive point system. Classes include co-educational bowling and self-defense.

A merchandizing program was developed more fully and some students were placed in positions during the Christmas holidays. An intensified office procedures class was set up in an office style room with 30 new electric typewriters, new tables, chairs, and transcribing machines.

Plans were made to further expand merchandizing, to develop an office spin-off program, to provide recommendation certificates for employable students, and develop new courses.

Mathematics

This year's specialties included math courses designed to fill the need and progress of each individual student at his learning level. In addition to the usual program for college bound students, a class in calculus was offered for accelerated students. A math lab was initiated which gave an alternative to continuing algebra or geometry or taking a general class of fundamental skills.

This year the use of the computer expanded, the algebra and advanced placement programs were continued, and the lab expanded and improved.

Home Economics

Mrs. Smith

Mrs. Nelson

HOME ECONOMICS - A survey of school - community personnel was conducted to determine teaching of consumer education. Ethnic minority student teachers were placed in the department. In addition to special programs including supplying of refreshments at many activities, an interchange and closer communication with junior high schools has been established.

Mrs. Monroy

Work Study

Mr. Pitsinger

Mr. Sandoval

WORK STUDY - Many field trips were enjoyed and much progress was made in math, science, and reading. Three student observers and an intern assisted classes. Next year the "listening center" will be expanded and an attempt to develop and strengthen the department will be made.

MECHA

MECHA (Movimento Estudiantil Chicanos de Aztlan, meaning in English Chicano Student Movement of the Southwest) is an organization that informs the students and tries to correct the problems with which the "raza" is faced — bad housing, police harassment, poor education. It is an organization for all chicanos with no qualifications except being a Chicano or Chicana who wants to help. Mecha's purpose is to educate Chicanos in their cultural background and form an awareness of such issues as police brutality, the draft, ext. Mecha also informs Chicanos of the benefits of a college education. It also performs community services such as dinners for parents and students and Christmas parties for people in the barrio.

SPECIAL EVENTS

75th Anniversary

Homecoming Dance

For the first time in San Fernando High's history, the Homecoming Queen was not crowned at the Homecoming Game. Instead, she was crowned at a special Homecoming and 75th Anniversary dance. The dance was held in the ballroom of the Odyssey restaurant following the football game.

Miss Brenda Shanks was crowned in a truly regal fashion, and will reign until next year when a new Queen will be chosen to carry on the tradition.

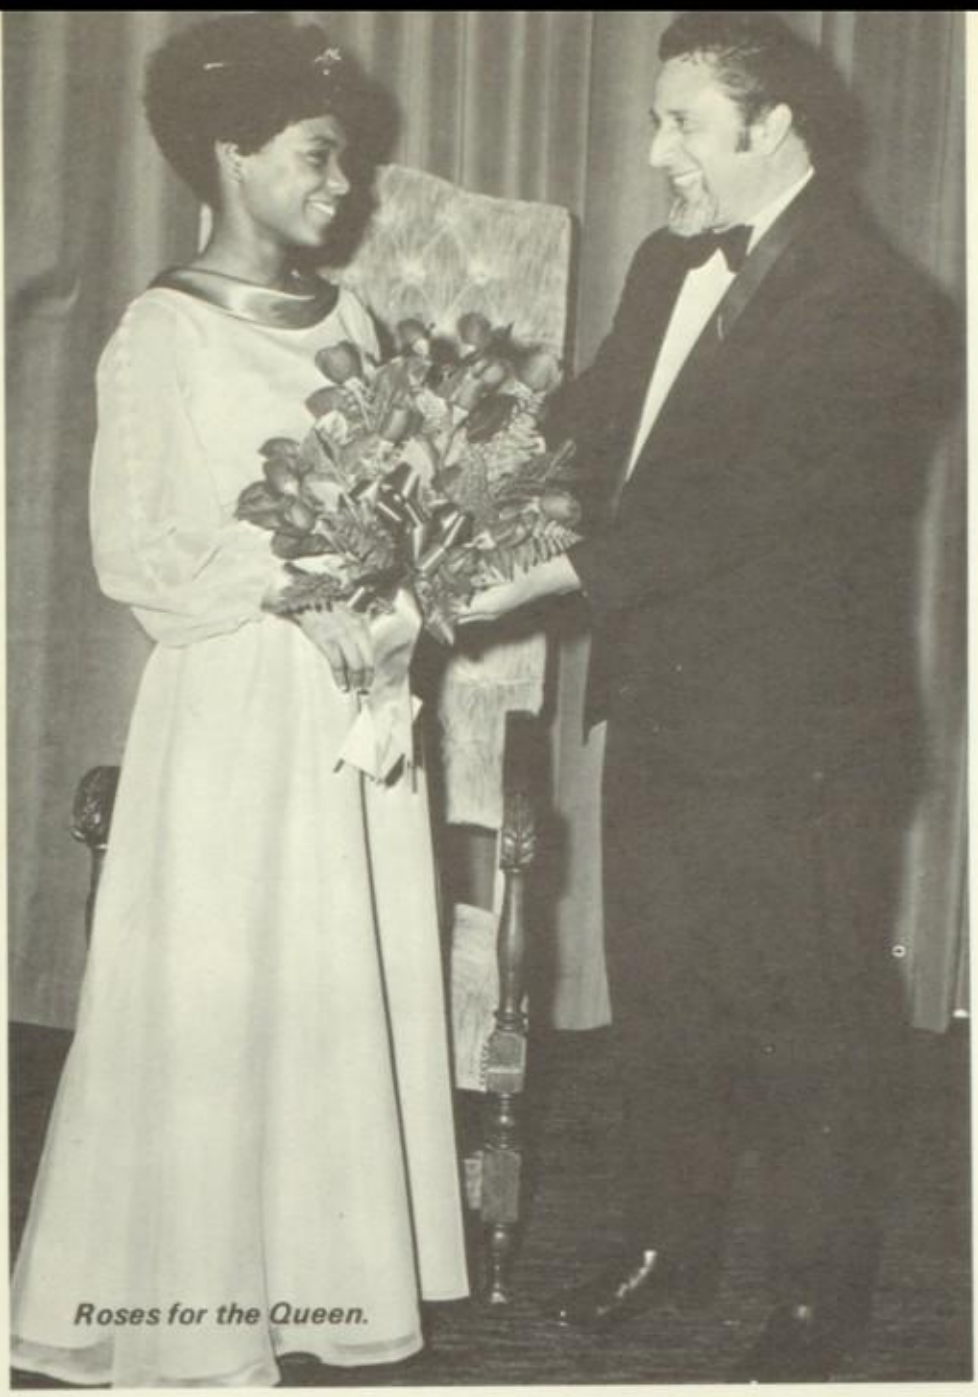
In suit and tie, we can't deny, this couple is out-of-sight.

Hold me close, but watch my toes!

I'm sorry sir, you'll just have to wait your turn.

Resting their weary bones but happy and content.

A Karate demonstration or dance?, it may even be ants.

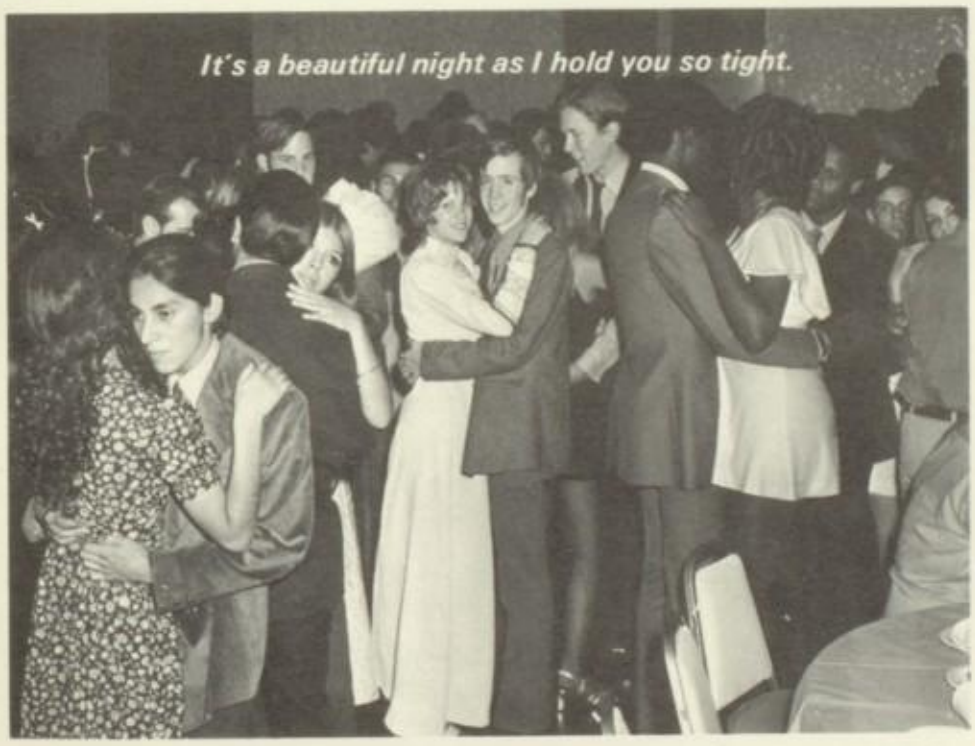


Roses for the Queen.

A table of friends talks till the end.

Homecoming Dance

As the night does fade, the memories are made and this we'll remember as the Queen and her court.



It's a beautiful night as I hold you so tight.

Queen Brenda Shanks, and escort Chris Alva take to the floor and lead the court.

From Queen to Queen a tradition is kept for the 75TH year.

Miss Brenda Shanks reigns over 75TH home coming.

Congratulations. You made it.

And, in spite of the mess the world seems to be in . . . there *is* a future.
(In fact, it starts every morning at sunrise.)
Whether it works out or not, is up to you, however.
So how about considering a career job in communications, with General Telephone?

Turn to the Future, boy! There wait
Tomorrow's Leaders strong and great.

Across the Far-flung sky of Fame
Full many a meteor shall flame.

A book some struggling youth shall pen
Shall stir once more the hearts of men.

The world must have its conquerors new,
And one of them may well be you.
